"Green" Scrapbook Tip

Digital cameras and memory cards allow you to take incredible amounts of photos. But one should be very selective in choosing what to delete and what to print. Follow these three steps to help with your digital pictures. First, delete any pictures that are of poor quality shots. Second, print the pictures that you really want to share with others on a visual level. Three, back-up your digital pictures on cd's, exterior hard drives or zip drives.
